GANPAT UNIVERSITY

B.Sc.IT(IMS) Sem-IV EXAMINATION (CBCS)

U44A5AWT2 - ADVANCED WEB TECHNOLOGY-II

Time: 3 Hours] **[Total Marks: 30**

JANUARY - JUNE 2020

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. Answer the following: (Any Five) **(15)**

a. List down all kind of Page Event. What is different between Page Load and Prerender event?

b. Different between Link Button and Hyperlink.

c. What are the different types of Assembly?

d. Explain Link Button control with properties and Events.

e. Write a short note on Theme.

f. Explain the ADO.NET architecture.

g. What is Skin file? Explain the types of Skin file.

2. Answer the following: (Any One) **(04)**

a. Explain CLR in Detail.

b. Explain Dynamic Compilation in detail.

3. Answer the following: (Any One) **(04)**

a. Different between Checkbox and Radiobutton.

b. Explain Textbox control with properties.

4. Answer the following: (Any One) **(03)**

a. Explain RequiredField Validator with its use and properties.

b. Explain Range Validator with its use and properties.

5. Answer the following: (Any One) **(04)**

a. Explain Command Class with its properties and methods.

b. What is Stored Procedures? Write a advantages of using Stored Procedures.

U44A4FSM: FUNDAMENTALS OF STORAGE MANAGEMENT

Time: 3 Hours] JANUARY - JUNE 2020 **[Total Marks: 60]**

Instructions:
1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. Answer the following: (Attempt any Six Out of Eight) (30)

A. What is DAS? Explain the advantages of DAS.

B. Write a short note on Services Delivery Variables.

C. Explain IP Storage Network Scenario in detail.

D. Explain data replication in brief.

E. Write a short note on Tactical Goals.

F. Explain External Storage in detail.

G. Explain Primary Offensive and Defensive Strategies in brief.

H. Explain Metropolitan Area Storage and Wide Area Storage Network.

2. Answer the following: (Any Two) (7)

A. Explain Virtualization in brief.

B. What is NAS? Describe NAS system in detail.

C. Write a note on Storage Policy Management.

3. Answer the following: (Any Two) (8)

A. Describe the History and Evolution of Storage.

B. Explain Availability within the Data Center in brief.

C. Define the keywords: Load Balancer, Web Server

Answer the following: (Any Two) **(7)**

A. What is Integrated Network Services. Explain in brief.

B. Explain IP Storage Network Scenario in detail.

C. What is MAN and WAN Services. Explain in brief.

5. **Answer the following: (Any Two)** **(8)**

A. Write a short-note on Outsourcing for Management Simplicity.

B. Describe the effects of TCP on application performance.

C. Explain Sizing Link Bandwidth for Long-Distance Storage Networking Applications in brief.
