U45A1VT: VIRTUALIZATION TECHNOLOGIES

[Time: 3 Hours] **[Total Marks: 30]**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. **Answer the following: (ANY THREE)** **(15)**

A. What is migration toolkit in virtual server 2005(VSMT)? Explain in brief.

B. Describe the steps to create the virtual machine using script.

C. Explain the types of Virtual Disk.

D. Write a short note on LPT port.

E. Explain the Start and Stop actions of Virtual Server 2005.

2. **Answer the following: (ANY ONE)** **(04)**

A. What is Virtual machine remote console (VMRC)? Explain in brief.

B. State differences between Virtual Server 2005 and Virtual Server 2005 R2.

3. **Answer the following: (ANY ONE)** **(04)**

A. Describe Virtual Network in brief.

B. Write a short note on Microsoft Loopback Adapter.

4. **Answer the following: (ANY ONE)** **(04)**

A. Write a short note on ADS component services.

B. What is ADS? Explain the components which ADS uses.

5. **Answer the following: (ANY ONE)** **(03)**

A. How to troubleshoot automated deployment services?

B. Write down the steps to create the virtual hard disk using script.

U45A2NFA: NETWORK FIREWALL ADMINISTRATION

[TIME: 3 Hrs.] [Total Marks : 30]

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

Q-1. Answer the following Questions. (Any Five) **(15)**

1. Describe the key components of SmartDeshboard.
2. Explain Edge Support for CLM in NGX.
3. Write a short note on IP compression.
4. Describe IP fragments in brief.
5. Explain dedicated server installation.
6. Write a short note on TACACS authentication in brief.
7. Explain the use of sysconfig command.

Q-2. Answer the following Questions. (Any One) **(04)**

1. Explain the features of new smart portal.
2. State the options available in cpconfig.

Q-3. Answer the following Questions. (Any One) **(04)**

1. Write a short note on firewall security design.
2. Write a short note on client authentication.

Q-4. Answer the following Questions. (Any One) **(04)**

1. Write a short note on Route Based VPN.
2. Describe SIP protocol in brief.

Q-5. Answer the following Questions. (Any One) **(03)**

1. Explain Peer-to-Peer Applications in brief.
2. Write a short note on Cluster Control Protocol.

BSC-IT(IMS) SEM-V EXAMINATION (CBCS)

U45A3IML INTRODUCTION TO MACHINE LEARNING

Nov - Dec 2022

Time: 3 Hours] **[Total Marks: 50)**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

1. Answer the following: (Any 3) **[15]**

1. What is file? Explain types of file in detail.
2. What is data frame? Explain any two ways to creating data frame with example.
3. Explain show(), figure(), plot(), savefig(), xlabel(), ylabel() with suitable example.
4. Discuss various applications of ML.
5. What is node in KNIME Tool? Discuss the execution state of node.

2. Answer the following: (Any 1) **[04]**

1. Explain use of following functions with syntax and example:
   open(), close(), read() and write()
2. Explain following methods of re module.
   1. search()
   2. findall()

3. Answer the following: (Any 1) **[04]**

1. Write down the use of Matplotlib? Explain the graph which organizes into bin of the ranges.
2. Explain bar chart using example.

4. Answer the following: (Any 1) **[04]**

1. What is Machine Learning? Explain different types of Machine Learning.
2. What is ANN? Explain architecture of ANN in detail

5. Answer the following: (Any 1) **[03]**

1. What is workspace and workflow? Explain in detail.
2. Draw the KNIME workflow which shows the use of column filter and row filter.

U45A4FPN: FUNDAMENTALS OF PYTHON NETWORKING
Nov - Dec 2022

[TIME: 3 Hrs.] [Total Marks : 30]

Instructions:
1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

Q-1. Answer the following Questions. (Any Five) **(15)**
1. Discuss python classes and objects in brief.
2. How does routing work?
3. Describe framing and quoting in brief.
4. What is the difference between encode/decode in Python?
5. Describe Python Function in brief.
6. Write the difference POP and IMAP.
7. Explain deadlock in python.

Q-2. Answer the following Questions. (Any One) **(04)**
1. Describe the data types of Python.
2. Write a short note on python programming language.

Q-3. Answer the following Questions. (Any One) **(04)**
1. What is IP Address? How IP Address works?
2. What is client and server in python-based socket programming?

Q-4. Answer the following Questions. (Any One) **(04)**
1. Write a short-note on Network Port Number.
2. Describe the IP fragmentation.

Q-5. Answer the following Questions. (Any One) **(03)**
1. What is Server Architecture? Explain in brief.
2. Describe HTTP server in brief.

U45A5AWT3 - ADVANCED WEB TECHNOLOGY-III

Time: 3 Hours] Nov - Dec 2022 **[Total Marks: 30**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. Answer the following: (Any Five) **(15)**

a. What is use of File Upload Control? Explain with property.

b. How you can set UICulture and Culture properties in web configuration file.

c. How to perform custom authentication with Login control using web configuration file?

d. Write down the step to Data Bindings Between Controls and the LINQ to SQL Classes.

e. Explain ChangePassword control with Properties.

f. Culture name having how many parts? Explain with example.

g. Explain <%@ Register %> directive with three attributes.

2. Answer the following: (Any One) **(04)**

a. What is use of MultiView control? Explain with commands.

b. What is use of Calendar control? Explain with property.

3. Answer the following: (Any One) **(03)**

a. Explain Login Control with properties.

b. Explain property of LoginStatus control with possible and default value.

4. Answer the following: (Any One) **(04)**

a. Explain LINQ to SQL in brief.

b. What is the use of Validate(), EndEdit(),SubmitChanges() methods in LINO to SQL?

5. Answer the following: (Any One) **(04)**

a. Different between SOAP and REST.

b. Explain Web Services Infrastructure.

U45A6DM: DATABASE MANAGEMENT

Time: 3 Hours] **[Total Marks: 30**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. Answer the following: (Any 5) (15)

A. Describe DDL and DML.

B. Explain delete, drop and truncate.

C. What are the roles of DBA?

D. What is Importing, Exporting, Loading, and Unloading Data?

E. Explain basic data types in database management system.

F. Describe Orderby and Groupby.

G. Define: Redo Log Files

2. Answer the following: (ANY 1) (4)

A. Describe DCL and DQL

B. Describe the applications of DBMS.

3. Answer the following: (ANY 1) (4)

A. Describe features of SQL.

B. List out the applications of SQL.

4. Answer the following: (ANY 1) (4)

A. Define the architecture of Oracle 10g.

B. Define these keywords: Schema, Foreign Key, instance

5. Answer the following: (ANY 1) (3)

A. What is back up.and recovery fundamentals?

B. Describe in brief: RMAN
