M.Sc. IT(IMS) SEM-I REGULAR EXAMINATION (CBCS)

Nov - Dec 2022

P41A1FOS: FUNDAMENTALS OF OPERATING SYSTEM

Time: 3 Hours] **[Total Marks: 30**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

Q1. **Answer the following: (Any five out of seven)** **(15)**

1. State the difference between Linux and Windows.
2. Describe Linux File System Structure in brief.
3. What Is Linux? Describe the features of Linux.
4. Difference between Linux Absolute and Relative Paths.
5. What is physical volume in LVM? Explain in brief.
6. Discuss the features of Open SSH.
7. Write a short-note on history of Linux.

Q2. **Answer the following: (Any One)** **(03)**

1. Discuss the use of Linux.
2. Write a short-note on Linux Bash.

Q3. **Answer the following: (Any One)** **(03)**

1. Discuss the Types of Linux File System in brief.
2. Write a short-note on Linux File System.

Q4. **Answer the following: (Any One)** **(03)**

1. Define the keywords: pwd, ls, cd.
2. Explain the difference between rmdir and mkdir.

Q5. **Answer the following** **(03)**

1. Write a short-note on Logical Volume Management (LVM).
2. How to Create Volume Groups and Logical Volumes.

Q6. **Answer the following** **(03)**

1. Discuss Open SSH in brief.
2. How Does SSH Work?

P41A3ANP:ARCHITECTURE OF NETWORK PLANNING

Nov - Dec 2022

[Time: 3 Hours] [Total Marks: 60]

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. Answer the following: (ANY SIX) **(30)**

A. Discuss the types of Computer Network.

B. Difference between POP3 v/s SMTP.

C. Discuss the RIP in brief.

D. Write a short note on Security Life Cycle.

E. Discuss the Layer Approach-OSI in brief

F. Describe FTP in brief.

G. Explain EIGRP with an example.

H. Explain the Cisco network architecture in detail.

Answer the following: (ANY ONE)

2. A. Explain Firewall in brief. **(06)**

OR

2. A. Distinguish between Intranet and Extranet. **(06)**

2. B. Wireless Access Point is a networking device **[True /False]**. **(01)**

3. Answer the following: (ANY TWO) **(08)**

A. Difference between IPv4 v/s IPv6.

B. Write a short note on HTTP and HTTPs.

C. What is DHCP? Describe in brief.

Answer the following: (ANY ONE)

4. A. List out the types of Routing Protocol. Explain anyone in detail. **(06)**

OR

4. A. Write a short note on Static Routing. **(06)**

4. B. IGRP is a routing protocol **[True /False]**. **(01)**

5. Answer the following: (ANY TWO) **(08)**

A. Explain the Cisco Unified Wireless Network Architecture.

B. Describe Cisco technologies' security vulnerabilities in detail.

C. Explain high level voice and video architecture in detail.

P41A4IPP: INTRODUCTION OF PYTHON PROGRAMMING

[Time: 3 Hours] **[Total Marks: 30]**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. **Answer the following: (ANY FIVE)** **(15)**

A. What is Python Keywords? Explain any 3 Keywords in detail.

B. What is Python comments? How you can do comments in python code? Explain in detail with example.

C. Explain arithmetic operators with proper example in python.

D. Explain If-else statement and Write code to print the largest of the three numbers.

E. What is Tuple? Write Advantages and difference between Tuples and List.

F. What is Set? Write code to create Set, adding item, and update Set.

G. Write note on Python Inheritance.

2. **Answer the following: (ANY ONE)** **(04)**

A. Explain Features of Python in detail.

B. What is Variable? Explain Variable with example.

3. **Answer the following: (ANY ONE)** **(04)**

A. What is use of pass keyword in code? Explain with proper example.

B. Describe for loop with example.

4. **Answer the following: (ANY ONE)** **(04)**

A. Write note on Lambda Function in python.

B. Explain the datatypes to which is store the data in a key-value pair format

5. **Answer the following: (ANY ONE)**

A. Explain Python Exception with its common types. **(03)**

B. What do you mean by Class and Object? Write code that create an instance of the class.

P41A5EL1:- HARDWARE AND NETWORK FUNDAMENTALS

Nov - Dec 2022

[TIME: 3 Hrs.] **[Total Marks : 30]**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

Q-1. Answer the following Questions. (Any Five) **(15)**

1. Write a short note on external device.
2. What is Disk Storage? Explain the component of disk?
3. What is ROM? Explain the types of ROM.
4. What is cache memory? Explain the advantages & disadvantages of it?
5. Write a short note on IP-Address.
6. Explain DORA process in detail.
7. Write a short note on ADDS.

Q-2. Answer the following Questions. (Any One) **(04)**

1. Write a short note on different types of Ports available in network.
2. Write a short note on Input device of network.

Q-3. Answer the following Questions. (Any One) **(04)**

1. Explain the types of software error?
2. What is secondary memory? Explain the characteristics of it?

Q-4. Answer the following Questions. (Any One) **(03)**

1. Difference between Physical and Logical IP Address with proper example.
2. Write a short not on intranet internet and extranet with proper example.

Q-5. Answer the following Questions. (Any One) **(04)**

1. Write a short note on four different command of DHCP with its proper use.
2. What is the difference between computer group policy and user group policy with proper example?
