GANPAT UNIVERSITY
M.C.A.SEM-IV EXAMINATION (CBCS)
P14A1OST: OPEN SOURCE TECHNOLOGY

April- June 2019

Time: 3 Hours] **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

SECTION-I

1. Answer the following. **(8)**

(i) What is Open source technology? Explain the processing of PHP.

(ii) Explain any four string functions with suitable example.

2. (A) Answer the following: (Any Two) **(11)**

(i) Explain Super global variables with suitable example.

(ii) Write short note on Session and cookies in PHP.

(iii) Explain advantages and disadvantages of PHP.

3. (A) Answer the following: (Any Two) **(11)**

(i) What is Constructor? Explain how constructor can be created in class also explain how parent constructor can be called in case of inheritance.

(ii) What is PDO? Explain how database connection can be done by PDO. Also explain CRUD operations by using PDO with suitable example.

(iii) Explain PHP associative array in detail with suitable example. Also explain important array functions.

SECTION-II

4. Answer the following. **(8)**

(i) Explain File reading and writing functions with suitable example.

(ii) Explain how line and shapes can be created on an image by using GD library functions with suitable example.

5. (A) Answer the following: (Any Two) **(11)**

(i) What is Laravel? Discuss the advantages of using Laravel.

(ii) What is XML? What are the features of XML? Explain how we can create an XML document using PHP?

(iii) Explain PHP date and time functions with suitable example.

6. (A) Answer the following: (Any Two) **(11)**

(i) What is MVC? Explain in brief: PHP MVC framework.

(ii) Explain the difference between HTML and XML.

(iii) Explain how file can be uploaded using PHP. Write a PHP script to upload a file by using HTML form that would allow user to select a file to upload on server.

GANPAT UNIVERSITY
M.C.A. SEM - IV EXAMINATION (CBCS)
P14A2GUI2: GUI PROGRAMMING-II

April- June 2019

Time: 3 Hours] **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

SECTION-I

1. Answer the following: **(8)**

A. What are advantages of MVC?

B. State folder structure of ASP.NET MVC project.

C. How to create partial view?

D. State difference between TextBox and TextBoxFor helper methods.

2. Answer the following: (Any Two) **(11)**

A. What is software design pattern? Explain MVC design pattern.

B. Explain purpose of ViewBag, ViewData and TempData in brief.

C. Explain RenderBody(), RenderPage() and RenderSection() methods in brief.

3. Answer the following: (Any Two) **(11)**

A. Explain any three strongly type helpers with example.

B. How to perform validation in ASP.NET MVC? Explain with example.

C. Explain Razor code expression in brief.

SECTION-II

4. Answer the following: **(8)**

A. What is scaffolding?

B. How to verify and prevent cross site scripting attack in controller?

C. What is routing? How to define route?

D. How to triggering Ajax Calls using jQuery?

5. Answer the following: (Any Two) **(11)**

A. Explain different return types of action method.

B. Write down steps to perform CRUD operation by using code first approach and explain with example.

C. What is role of area in ASP.NET MVC application? How to create area in application?

6. Answer the following: (Any Two) **(11)**

A. What is filter? Explain authorization filter.

B. Explain session and application variables in brief.

M.C.A. SEMESTER-4 EXAMINATION

P14A3JP2: JAVA PROGRAMMING - II

April- June 2019 **Time: 3 Hours & Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book

SECTION-I

1.(A) List out different categories of status codes. **(2)**

1.(B) Elaborate servlet structure with doXxx methods. **(6)**

2. **Answer the following (Any Two)** **(11)**

(1) Explain types of cookies and cookie handling procedure in servlets.

(2) Explain function declaration in JSP with suitable example.

(3) Create excel spreadsheet using servlet or JSP. Explain it.

3. **Answer the following (Any Two)** **(11)**

(1) What is session? How can you handle it?

(2) Give MVC example with "RequestDispatcher".

(3) Give example of database "PreparedStatement" with your own query.

SECTION-II

4.(A) List out JSF Bean Scopes. **(2)**

4.(B) Give any basic example of database operation in JSF. **(6)**

5. **Answer the following (Any Two)** **(11)**

(1) Give different ways of implementing navigation.

(2) List out selection tags and give example of any three.

(3) Discuss template setting in JSF.

6. **Answer the following (Any Two)** **(11)**

(1) Give example of data table editing.

(2) Explain built in support of converter or validator in JSF.

(3) Explain any event handling technique with suitable example.

M.C.A. SEMESTER–IV EXAMINATION (CBCS)

P14A4DWM DATA WAREHOUSING AND DATA MINING

Time: 3 Hours] April- June 2019 **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

SECTION-I

1.(A) Do as directed. (08)

(1) Data Cleaning
(2) Types of Sampling
(3) Define Concept Hierarchy with example
(4) Data Mart

2.(A) Answer the following Questions.(Any Two) (11)

(1) What is Data Warehouse? Explain its Characteristics.
(2) Explain the three tier Data warehouse Architecture.
(3) What is OLAP? How OLAP is differ from OLTP.

3.(A) Answer the following Questions.(Any Two) (11)

(1) Explain Data Cube aggregation with example.
(2) What is Noise? Explain Binning method with example.
(3) Describe Attribute Oriented Induction steps with proper example.

SECTION-II

4. (A) Do as Directed. (08)

(1) Data Mining
(2) Define : support and confidence
(3) FP-growth method
(4) List out types of data used with Data mining

5.(A) Answer the following Questions.(Any Two) (11)

(1) Short note : Decision Tree Induction
(2) Discuss Apriori algorithm in detail with example.
(3) Explain any two types of Data Mining patterns.

6.(A) Answer the following Questions.(Any Two) (11)

(1) Discuss IF-THEN Rule for classification with example.
(2) How Data Mining useful for the Retail Industry.
(3) Role of Data Mining for Intrusion Detection and Prevention.

M.C.A. SEMESTER-IV EXAMINATION

P14A5DES: DATA ENCRYPTION AND DATA SECURITY

Time: 3 Hours] **April- June 2019** **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

SECTION-I

1. Explain in short with figure. **(08)**

(1) Counter Mode (CTR) of operation
(2) Active Security Attacks: Masquerade and Replay
(3) Man in the middle attack and Blind attack
(4) Structure of Public-Key Encryption

2. Answer the following (ANY TWO) **(11)**

(1) Explain Advanced Encryption Standard (AES) algorithm with steps and figure.
(2) Explain HMAC Algorithm with steps and figure.
(3) Explain Secure Hash Algorithm (SHA) with steps and figure.

3. Answer the following (ANY TWO) **(11)**

(1) Explain ARP attacks and route table modification.
(2) Explain Digital Signature and Digital Certificate.
(3) Explain Diffie-Hellman Key Exchange Algorithm with steps and example.

SECTION-II

4. Explain in short with figure. **(08)**

(1) Trusted Systems
(2) Secure Electronic Transactions (SET)
(3) Encapsulating Security Payload (ESP)
(4) Define: Virus, Worm, Logic Bomb, Trojan Horse

5. Answer the following (ANY TWO) **(11)**

(1) Explain Phases of virus, Types of virus and Structure of virus.
(2) Explain Types of Firewalls with figure.
(3) Explain Secure Socket Layer (SSL) with its protocols.

6. Answer the following (ANY TWO) **(11)**

(1) Explain S/MIME for email privacy.
(2) Explain Firewall Configurations with figure.
(3) Explain Combinations of Security Associations for IP Security with figures.

P14B6ERP:ENTERPRISE RESOURCE PLANNING AND MANAGEMENT

Time: 3 Hours] **April- June 2019** **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

SECTION-I

Q-1. **Answer the following:** **(08)**

I. **Define the term:** Planning

II. List out Management levels.

III. **Give the full form:[i]** TPS **[ii]** ESS

IV. **Define the term:** M-commerce.

Q-2. **Answer the following: (Any Two)** **(11)**

I. Explain the levels of Planning in brief.

II. Write a short note on MIS and DSS system.

III. Define the term Motivation.Explain its types in brief.

Q-3. **Answer the following: (Any Two)** **(11)**

I. Discuss benefits of E-Commerce.

II. Write a short note on behavioral approach of leadership.

III. Explain Seven-S Model in brief.

Scan 0142

SECTION-II

Q-4. **Answer the following:** **(08)**

I. What is JIT?

II. **Define the term:** Business Process Reengineering

III. **Give the full form:** [i] SCM [ii] ERP

IV. What is the role of Vendors?

Q-5. **Answer the following: (Any Two)** **(11)**

I. Explain any one ERP implementation methodology.

II. Discuss the benefits of ERP.

III. Explain ERP Myths.

Q-6. **Answer the following: (Any Two)** **(11)**

I. Explain Business module in an ERP package.

II. Describe Sales and Distribution module in detail.

III. Explain Enterprise Integration Applications.
