## B.Sc.IT(IMS) Sem-IV EXAMINATION (CBCS)

## U44A5AWT2 - ADVANCED WEB TECHNOLOGY-II

April - June 2022

**Time: 3 Hours]** **[Total Marks: 30**

**Instructions:**

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

**1. Answer the following: (Any Five)** **(15)**

a. List down all kind of Page Event and differentiate between Page Load and Prerender event.

b. Explain Button control with properties and Events.

c. What is Skin file? Explain the types of Skin file.

d. Explain Textbox control with properties and Events.

e. Explain the ADO.NET architecture in detail.

f. Explain CompareValidator in detail.

g. What is Dynamic Compilation? Explain in brief.

**2. Answer the following: (Any One)** **(04)**

a. What is a CLR ?

b. What are the different types of Assembly?

**3. Answer the following: (Any One)** **(04)**

a. Different between Link Button and Hyperlink.

b. Different between Checkbox and Radiobutton.

**4. Answer the following: (Any One)** **(03)**

a. Explain Range Validator with properties.

b. Explain RequiredField Validator with its use and properties.

**5. Answer the following: (Any One)** **(04)**

a. Explain DataReader Class with its methods.

b. What is Stored Procedures? Advantages of using Stored Procedures.

## U44A3FER : FUNDAMENTALS ENTERPRISE ROUTING

**TIME : 3 Hrs. ]** **[ Total Marks : 30**

**Instructions:**

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

**Q1. Answer the following Questions. (Any Five)** **(15)**

1. Describe the hybrid characteristics of EIGRP.
2. Explain EIGRP packet types in brief.
3. Describe the link state characteristics of OSPF.
4. What is BGP? When to use BGP?
5. Describe IPv4 vs IPv6 with proper example.
6. Describe these keywords: routing protocol, routed protocol, route redistribution
7. Explain the major difference between router, switch, hub and access point.

**Q2. Answer the following Questions. (Any One)** **(03)**

1. Explain different tables in EIGRP with related commands.
2. Explain EIGRP Metrics in brief.

**Q3. Answer the following Questions. (Any One)** **(04)**

1. Describe LSA types in OSPF in brief.
2. Explain OSPF area types.

**Q4. Answer the following Questions. (Any One)** **(04)**

1. What is BGP attributes? Describe some subcategories of it.
2. What is BGP peers? Explain in details.

**Q5. Answer the following Questions. (Any One)** **(04)**

1. Explain naming convention of IPv6 in brief.
2. Describe basics of redistribution between EIGRP and OSPF.

## U44A2MSA: MAIL SERVER ADMINISTRATION
April - June 2022

**TIME: 3 Hrs.]** **[ Total Marks: 30**

**Instructions:**

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

**Q-1. Answer the following Questions. (Any Five)** **(15)**

1. Describe the types of files in Exchange database server.
2. Write a short note on Single Copy Clustering.
3. Explain firewall configuration in Exchange Server 2010.
4. Describe the process to manage Mailbox Database?
5. Explain properties tabs to configure POP and IMAP.
6. Write a short-note on Offline Address Books (OAB).
7. What is exchange Server? Explain the benefits of Exchange Server.

**Q-2. Answer the following Questions. (Any One)** **(04)**

1. Define the keywords: TCP, UDP.
2. Describe the roles and features of Exchange Server 2010?

**Q-3. Answer the following Questions. (Any One)** **(04)**

1. Describe different types of Address List.
2. Explain the public folder database in Exchange Server.

**Q-4. Answer the following Questions. (Any One)** **(03)**

1. Explain different types of Accepted Domain in Exchange Server.
2. Give the full forms of following terms: SNMP, EMS, EMC, ICMP.

**Q-5. Answer the following Questions. (Any One)** **(04)**

1. Explain the types of backup in mail server.
2. Describe the methods to recover mailbox.

## U44A1SNM2: SERVER NETWORK INFRASTRUCTURE MANAGEMENT - II

April - June 2022

**TIME: 3 Hrs.]** **[ Total Marks : 30**

**Instructions:**

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

**Q-1. Answer the following Questions. (Any Five)** **(15)**

1. Write a short note on WMI filter with Proper example.
2. Difference between VB script and PowerShell Scripting
3. What is groups ? explain the type of groups .
4. What is the difference between computer group policy and user group policy with proper example?
5. Discuss the FSMO with proper example.
6. Write a short note on ADCS.
7. Write a short note on difference between server core and enterprise version.

**Q-2. Answer the following Questions. (Any One)** **(04)**

1. Discuss the Five Different Commands of server core.
2. Write a short note on MMC with Proper example.

**Q-3. Answer the following Questions. (Any One)** **(04)**

1. Write a short note on DFS.
2. Write a short note on DORA process.

**Q-4. Answer the following Questions. (Any One)** **(03)**

1. Discuss on Global catalogue.
2. Define the term Domain Tree Forest.

**Q-5. Answer the following Questions. (Any One)** **(04)**

1. Write a short note on RODC.
2. Write a short note on ADRMS.

## U44A4FSM - FUNDAMENTALS OF STORAGE MANAGEMENT
April - June 2022

**TIME: 3 Hrs.]** **[ Total Marks : 60**

**Instructions:**
1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

**Q-1. Answer the following Questions. (Any Six)** **(30)**
1. Explain the Keywords: JBOD, RAID.
2. Describe Storage Management Network in brief.
3. Explain the scenario of IP storage Network.
4. Explain the technology behind the IP Storage Data Replication.
5. Describe Storage Service Deliverables in brief.
6. Write a short note on Outsourced Storage.
7. Explain Storage Building Blocks in brief.
8. Write a short-note on Network Control Points.

**Q-2. Answer the following Questions. (Any One)** **(07)**
1. Explain Storage Networking Roadmap in brief.
2. Describe the comparison between SAN and NAS.
3. Write a short note on Direct Area Storage.

**Q-3. Answer the following Questions. (Any Two)** **(08)**
1. Explain building blocks of distributed system.
2. Describe the types of Storage Service.
3. Describe Network based Storage Services in brief.

**Q-4. Answer the following Questions. (Any Two)** **(07)**
1. Describe the Services of MAN and WAN.
2. Why Modern Network use layered protocol?
3. Write the full forms of following terms: MAC, VPN, SONET, SDH, DAS.

**Q-5. Answer the following Questions. (Any Two)** **(08)**
1. Explain estimating the effects of network latency on applications performance in brief.
2. What are the effects of TCP on Application Performance?
3. Define the keywords: Tactical Goals, strategic objectives.
