U21A1ADP: ALGORITHM DEVELOPMENT AND INTRODUCTION TO PROGRAMMING

[Time: 3 Hours] **[Total Marks: 60]**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. Answer the following: (ANY SIX) (30)

A. Explain while loop with example.

B. Explain if...else statement with example.

C. What is variable? Explain declaration and initialization of a variable.

D. Explain all arithmetic operators with proper example.

E. Write the short note on "Define Symbolic Constants"

F. Explain break and continue statement with example.

G. Explain Basic Structure of 'C' language.

H. Explain the use of getchar() and putchar() with example.

2. Answer the following: (ANY TWO) (06)

A. What are the importance of C language? Explain it

B. What is type casting? Explain it with example.

C. Write a C program to find the area of circle. (Equation is: pi*r*r)

3. Answer the following: (ANY TWO) (06)

A. Explain the use of following character set functions.

i) isupper() ii) isdigit () iii) isspace()

B. Explain all the relational operators.

C. Explain conditional operator with example.

4. **Answer the following: (ANY TWO)** **(08)**

A. Explain the differences between while and do...while loop.

B. Why we use switch case statement? Explain it with example.

C. Explain for loop with proper example.

5. **Answer the following: (ANY ONE)** **(06)**

A. What is an array? Explain Declaration and Initialization of one dimensional array with example.

B. What is function? Explain categories of function.

6. **Answer the following: (ANY ONE)** **(04)**

A. What is structure? Write the syntax of structure and explain it with example.

B. Explain "arrays of structure" with example.

U21A2DEL: INTRODUCTION TO DIGITAL ELECTRONICS

Nov-Dec 2022

[Time: 3 Hours] **[Total Marks: 60]**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. **Answer the following: (Any Six)** **(30)**

(1) Which are the Universal Gate? Explain it..

(2) Explain De Morgan's theorem.

(3) Draw and explain 1 of 4 Decoder.

(4) Explain Full adder.

(5) Explain NOR Latch.

(6) Explain Shift Left Register.

(7) Explain Binary Number System with an example.

(8) (a) Convert (1010111.110)2 = (?)10

(b) Convert (434753.1357)8 = (?)16

2. **Answer the following: (Any Two)** **(8)**

(1) Explain Hexadecimal Number system with an example.

(2) Explain Hamming Code with an example.

(3) Add 83 to -44 with 2's complement using 8 bit.

3. **Answer the following: (Any Two)** **(8)**

(1) Which are basic Gates? Explain it.

(2) Explain EX-OR and EX-NOR Gate.

(3) Solve Using K-Map: $F(A,B,C)=\sum(1,3,4,5,6,7)$

4. **Answer the following: (Any One)** **(6)**

(1) Draw and Explain Half Adder.

(2) Draw and Explain 4 to 1 Multiplexer.

5. **Answer the following: (Any One)** **(4)**

(1) Explain NAND Latch.

(2) Explain RAM in detail.

6. **Answer the following: (Any One)** **(4)**

(1) Explain Shift Right Register.

(2) Explain Buffer Register.

U21A3DM-INTRODUCTION TO DATA ANALYSIS AND DATA MANAGEMENT

Time: 3 Hours] **[Total Marks: 60**

Instructions: 1.Figures to the right indicate full marks

2.Be precise and to the point in your answer

1. **Answer the following: (ANY FIVE)** **(30)**

a. Define Mail Merge. Write down its steps with all option.

b. Define Watermark. Write down its steps with all option.

c. List out types of charts. Write down steps to Creating Charts.

d. Discuss the Menus of Open Office-Math with figure.

e. Write a short note on Slide Transition.

f. Define the term Tables. Write down its steps to create it.

g. List out Logical Function. Explain any three with Syntax and Example.

2. **[A]** **Answer the following: (ANY TWO)** **(08)**

a Define Drop cap. Write down its steps.

b How to select the application package? Write down its steps.

c Write a short note on Working with Documents with figure.

[B] ____is the extensions file are saved in impress. **(01)**

3. **[A]** **Answer the following: (ANY TWO)** **(08)**

a Write a short note on Spreadsheets.

b List out Date Time functions. Explain any three function with example.

c List out Mathematical Functions. Explain any three in detail.

[B] Which shortcut key will be used for Style and Formatting_____ **(01)**

4. **Answer the following: (ANY ONE)** **(06)**

a. How to creating a New Database? Write down its steps.

b. List out advantages of OPEN OFFICE -BASE.

5. **Answer the following: (ANY ONE)** **(06)**

a. Write a short note on Master Templates.

b. Write a short note on Re-usability in open office-impress .

U21A4ITS: INFORMATION TECHNOLOGY AND SYSTEM MAINTENANCE

[Time: 3 Hours] **[Total Marks: 60]**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. **Answer the following: (ANY FIVE)** **(30)**

A. Draw the block diagram of computer and explain it.

B. Discuss machine language in depth.

C. Explain Key-board with figure.

D. Discuss Disk Management in depth.

E. List out the characteristics of computer and explain it in details.

F. Write a short note on Software.

G. Explain CD-ROM in brief.

2. **Answer the following: (ANY FOUR)** **(16)**

A. Write a short note on Data and Information.

B. Define the term Compiler and Interpreter.

C. Write a short note on features of information.

D. **Differentiate:** Low level language v/s High level language.

E. Explain processor architecture with figure.

F. Write a short note on assembly language.

3. **Answer the following: (ANY TWO)** **(08)**

A. Explain Hard disk drive with figure.

B. Discuss MODEM in brief.

C. Write a short note on: VDU.

4. **Answer the following: (ANY ONE)** **(06)**

A. How to securing our system from virus and unauthorized user?

B. Write a short note on Backup and Restore.

B.Sc.IT SEM-I CBCS REGULAR EXAMINATION
NOV.-DEC. 2022
U21B5CS1: COMMUNICATION SKILL -I

[Time: 3 Hours] **[Total Marks: 60]**

Instructions:
1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. Answer the following: (ANY SIX OUT OF EIGHT) **(30)**

A Explain in detail the stages in the process of Communication.
B What are the different tenses in the English Language? Explain any Four tenses with its forms, uses and examples.
C What are the various modes of listening with examples?
D What is Reading? Explain the various types of reading with examples.
E Explain the flow and methods of communication.
F What are the tips for effective reading? Explain in brief.
G What are the various parts of speech? Explain any two of them with necessary examples.
H What are the characteristics of a good listener?

2. Answer the following: **(12)**

A Explain the various types of communication with examples. **(06)**

B **Write Short Notes:** **(03)**
(i) Intrapersonal barrier to communication **(03)**
(ii) Language as an Artificial and Abstract tool of communication **(08)**

3. Do as Directed:

A Give antonym of the word: **Allow**
B Give Synonym of the word: **Real**
C Give one word for: **"One who is present everywhere."**
D My brother is ____ N.I.D. student. **(A, An, The)**
E Recently a very friendly couple has moved _____ in our neighbourhood. **(in, up, on)**
F _____ Shina was ill, she went to college. **(Though, As, In spite of)**
G It _____ cats and dogs since morning. **(is raining, is being raining, has been raining)**
H His handwriting is quite _____ **(illegal, illegible, illiterate)**. Nobody can read them properly.

4. Write in detail: Listening v/s Hearing **(05)**

5. What are the suggestions for developing the sharp reading skill and what are the tips for the retention of reading? **(05)**
