GANPAT UNIVERSITY

DD (BCA-MCA) SEM-II EXAMINATION (CBCS)

U52A2OOP: OBJECT ORIENTED PROGRAMMING CONCEPTS

Time: 3 Hours] **[Total Marks: 60**

JANUARY - JUNE 2020

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

Q-1. Answer the following: (Any Six) **(30)**

I. Explain basic concepts of OOPs.

II. Discuss java tokens in detail.

III. What is Inheritance? List out types of Inheritance. Explain any two Inheritances with suitable example.

IV. List out types of loops in JAVA. Discuss FOR loop with example.

V. Discuss method overloading and method overriding with example.

VI. Explain wrapper classes in brief.

VII. List out string methods in JAVA. Explain any two with proper example.

VIII. Write a short note on different types of exceptions in JAVA.

Q-2. Answer the following: (Any One) **(07)**

I. What is Java? Discuss features of JAVA in brief.

II. Discuss arithmetic and relational operators with example in JAVA.

Q-3. Answer the following: (Any One) **(03)**

I. Discuss switch statement with suitable example in JAVA.

II. Explain IF ELSE statement with proper example.

Q-4. Answer the following: (Any One) **(07)**

I. Discuss NEW and FINAL keywords with suitable example in JAVA.

II. What is a constructor? Explain with proper example.

Q-5. Answer the following: (Any Two) **(07)**

I. What is an Array? List out types of Array. Explain One-Dimensional array with suitable example.

II. Discuss Interface concept with appropriate example in JAVA.

III. Write a short on string buffer class in JAVA.

Q-6. Answer the following: (Any One) **(06)**

I. Discuss java package in details.

II. Explain use of try…catch for exception handling.

U52A4BCN - BASIC OF COMPUTER NETWORKS

Time: 3 Hours] **JANUARY - JUNE 2020** **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. Answer the following.(Any Six Out of Eight) **(30)**

A. What is Computer Network? Explain advantages of it.

B. List out Network Topology? Explain any one in detail.

C. Differentiate OSI Model with TCP/IP Model.

D. Write down short note on ATM.

E. Write a short note on Wireless Network.

F. What is Extranet? Write a short note on Extranet.

G. Explain Classes of IP Addressing.

H. Explain ARP Protocol in detail.

2. Answer the following.(Any One) **(05)**

A. Explain any three layer of OSI Model.

B. Explain communication procedure between the layers.

3. Answer the following.(Any Two) **(08)**

A. Draw TCP/IP model and explain each layer in detail.

B. Explain various issues in designing of layers.

C. Explain the necessity of layered reference models.

4. Answer the following.(Any Two) **(08)**

A. Explain Connectionless and connection oriented services.

B. List out the Network Component. Explain any one in brief.

C. Discuss the functionalities of Protocols.

5. [A] Answer the following.(Any Two) **(08)**

I Differentiate TCP with UDP.

II Write a short note on DNS.

III Write a short note on ICMP.

[B] Write a full form of FTP. **(01)**

U54A2OS2: OPERATING SYSTEM-II

Time: 3 Hours] **[Total Marks: 60**

JANUARY - JUNE 2020

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. **Answer the following: (Any Six)** **(30)**

A. Explain LRU page replacement algorithm with suitable example.

B. Write a short note on I/O devices.

C. Explain echo command with suitable example.

D. Discuss Date command with its attributes.

E. Explain Vi Editor with its modes in details.

F. Write a short note on Optimal Page Replacement Algorithm in brief.

G. Discuss Who command with its attributes.

H. Explain if then fi with example.

2. **Answer the following: (Any Two)** **(12)**

A. Explain FIFO page replacement algorithm with suitable example.

B. Discuss the Security threats in brief.

C. Explain SECOND Chance Page Replacement Algorithm in brief.

3. **Answer the following: (Any Two)** **(10)**

A. Explain for loop with Example.

B. List out Relational operators. Explain it in brief.

C. Explain Read statement with example.

4. **Do As Directed: (Any Four)** **(08)**

A. Give the full form: **[i]** lt **[ii]** eq

B. Discuss the Man command.

C. How to create new shell script program?

D. _____ is the extension of shell script program.

E. Discuss the chmod command.

U54A4MA1 - MOBILE APPLICATIONS DEVELOPMENT-1

Time: 3 Hours] **JANUARY - JUNE 2020** **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

1. **Answer the following: (Any Six)** **(30)**

1. Explain advantages of Android in detail.
2. What is code name? Discuss versions of android.
3. Explain life cycle of an android activity.
4. Write short note on android Manifest file.
5. Explain EditText in detail with example.
6. Write a short note on Intent.
7. Explain CheckBox with all attributes.
8. Write a short note on Action Bar.

2. **Answer the following: (Any One)** **(05)**

1. What is DVM? Explain the difference between JVM and DVM.
2. Explain Android Architecture in brief.

3. **Answer the following: (Any One)** **(10)**

1. Write a short note on android resources.
2. Explain the android application component in brief.

4. **Answer the following: (Any Two)** **(10)**

1. Explain any one menu in detail.
2. Explain DatePicker in detail.
3. Write short note on SeekBar.

5. **Answer the following: (Any One)** **(05)**

1. List out types of layout. Discuss any one in detail.
2. Explain ListView in detail.
