Seat No._____

GANPAT UNIVERSITY

MCA SEMESTER-I EXAMINATION (CBCS)

P11A1ADP: Algorithm Development and Introduction to Programming

Nov- Dec 2017

Time: 3 Hours] **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

Section-I

1. Answer the following questions in brief. (8)

(A) Define Symbolic constant with example.

(B) State whether the following variable name is valid or not with the reason.
doubles, n1+n2

(C) Differentiate increment Vs decrement operator.

(D) Explain Goto statement in brief.

2. Answer the following questions. (Any Two) (11)

(A) Explain the features of 'C' language.

(B) Explain the data types available in C language.

(C) Explain the logical operators with the example.

3. Answer the following questions. (Any Two) (11)

(A) Explain the Else-If ladder with example.

(B) Explain the switch statement with its syntax and example.

(C) Explain ternary operator with example.

Section-II

4. Answer the following questions in brief. (8)

(A) Explain the terms. 1. Overflow and 2. Underflow

(B) Give the syntax of the For loop.

(C) Explain the use of break statement.

(D) Define visibility and life-time of a variable.

5. Answer the following questions in brief. (Any Two) (11)

(A) Compare while statement Vs do statement.

(B) What is array? Explain two-dimensional array with example.

(C) Explain recursion with example.

6. Answer the following questions in brief. (Any Two) (11)

(A) Write a short note on: Comparison of Structures

(B) What is user-defined function? Explain the benefits of it.

(C) Explain array within structures with example.

MCA SEM-I EXAMINATION (CBCS)

P11A3IDD : INTRODUCTION TO DATA ANALYSIS AND DATA MANAGEMENT

Time: 3 Hours] **Nov- Dec 2017** **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

SECTION – I

1. **Answer the following:**

A. List out types of charts. **(08)**

A. Write the use of short cut key:**(i)** Ctrl+Y **(ii)** Ctrl+E

B. List out any three Mathematical function.

C. Define Watermark.

2. **Answer the following:(ANY TWO)**

A. Write a short note on Macro. **(11)**

B. Define Drop cap. Write down its steps.

C. Write a Short Note Printing Documents

3. **Answer the following:(ANY TWO)**

A. Write a short note on Spreadsheets. **(11)**

B. Discuss the Menus of Open Office-Math with figure.

C. List out functions category and explain Logical function any three with example.

SECTION-II

4. **Answer the following:**

A. Define the term Tables. **(08)**

B. Define the term Data.

C. How to creating a New Presentation? Write down its steps.

D. What is extension of Open-Office Impress?

Institute Of Computer Sci... NAGAR

5. **Answer the following:(ANY TWO)** **(11)**

A. How to creating a New Database? Write down its steps.

B. List out advantages of OPEN OFFICE -BASE.

C. Write down steps to create table in OPEN OFFICE-BASE.

6. **Answer the following:(ANY TWO)** **(11)**

A. Write a short note on Slide Transition.

B. Write a short note on Master Templates.

C. List out advantages of OPEN OFFICE –IMPRESS

GANPAT UNIVERSITY

MCA SEM-I EXAMINATION (CBCS) (NEW) REGULAR

P11A4IIT: INTRODUCTION TO INFORMATION TECHNOLOGY AND SYSTEM MAINTENANCE

Time: 3 Hours] Nov- Dec 2017 [Total Marks: 60

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

SECTION - I

Q1. **Answer the following:** **(08)**

A. Explain generation of computer in detail.

B. What is Software? Explain different types of software in detail.

Q2. **(08)**

2.1 **Answer the following: (ANY TWO)**

A. Explain the Instruction Set Architecture(ISA) in details.

B. Define the term computer and explain it block diagram with figure.

C. Explain Data and Information with proper example.

2.2 **Answer the following: (ANY ONE)** **(03)**

A. Differentiate Personal Computer and Super Computer.

B. Explain characteristics of computer in detail.

Q3. **(08)**

3.1 **Answer the following: (ANY TWO)**

A. Explain all computer languages in brief.

B. Write a short note on Language processor.

C. Give the difference between Compiler and Interpreter.

3.2. **Answer the following: (ANY ONE)** **(03)**

A. Write note on Assembler.

B. State the difference between low level and high level language.

Patel Institute Of Computer Studies Acharya Motibhai G.V.NAGAR Kherva

SECTION-II

Q4. **Answer the following:** **(08)**

A. Explain printer with figure and its types.

B. Discuss the Defragmentation in details.

Q5. **5.1** **Answer the following: (ANY TWO)** **(08)**

A. Explain the modem with its all types.

B. Discuss MICR and OCR in detail.

C. Explain types of Hard disk in detail.

5.2 **Answer the following:** **(03)**

I. _____is very useful for tests with objective type questions.
(A) MICR (B) OCR (C) OMR (D)Scanner

II. _____is used by banking industry for processing of large number of cheques.
(A) MICR (B) OCR (C) OMR (D)Scanner

III. _____Printer that form characters and all kind of images as a pattern of dots.
(A) Laser (B) Dot matrix (C) Inkjet (D) Drum

Q6.

6.1 **Answer the following: (ANY TWO)** **(08)**

A. How to protect your system from unauthorized access?

B. Explain the Disk management in details.

C. Write a short note on Backup and Restore.

6.2 **Answer the following:** **(03)**

I. _____deals with the problem of verifying the identity of a user before permitting access to the requested resource.
(A) Access control (B) Cryptography (C) Authentication

II. _____ can be used to partition drives, format drives, assign drive letters, and much more.
(A) Task manager (B) Disk Management (C) Device manager

III. _____picks up all of the pieces of data that are spread across your hard drive and puts them back together again.
(A) Fragmentation (B) Backup and Restore (C) Defragmentation

M.C.A. SEM-I EXAMINATION (CBCS)

P11A5FOS FUNDAMENTALS OF OPERATING SYSTEM

Time: 3 Hours] Nov- Dec 2017 **[Total Marks: 60**

Instructions:

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer
4. Do not repeat same point again during explanation
5. Please ensure that answer is clear and readable

SECTION-I

1. Answer the following: (08)
2 Marks for each question

1. Define the following:

(i) Structure of O.S.
(ii) Scheduler
(iii) Process
(iv) Program Control Block

2.

A. Explain process state (life cycle) diagram? Give brief of each of the process state. (05)

B. **Answer the following (Any 2)**

(i) Explain any three different computing environments? (03)
(ii) Explain Upgrading and Migrating? (03)
(iii) How to do remote desktop access using windows 7. (03)

3.

A. What are Hardware requirements to install Windows 7? Explain Key features of Windows 7? (05)

OR

A. Explain Disk management and configuring device drivers in windows 7. (05)

B. **Answer the following (Any 2)**

(i) What is IP Address? Explain difference between IPv4 and IPv6? (03)
(ii) What is NTFS file compression (03)
(iii) Explain open source operating system. (03)

Institute Of Computer S... GAR

SECTION-II

4. Define the following: (08)

1) Authorization
2) Mobile Computing
3) Wi-Fi
4) Internet Protocol

5.

A. What is NTFS Permissions? Explain Permission Inheritance? (05)

B. **Answer the following (Any 2)**

(i) What is Remote desktop? List few of its applications. (03)

(ii) Explain, How to apply application restrictions. (03)

(iii) Explain the devices and their role to configure wireless networks? (03)

6.

A. Explain steps to upgrading and migrating to windows 7 from any other operating system. (05)

B. **Answer the following (Any 2)**

(i) Explain the Name resolution process? (03)

(ii) Give steps to configure ipv4 connectivity. (03)

(iii) Explain windows firewall. (03)

P11B6CS1 COMMUNICATION SKILL - I

Time: 3 Hours] **[Total Marks: 60**

Nov- Dec 2017

Instructions:

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

SECTION – I

1. **Answer the following:** **(08)**

A What is communication? Explain barriers in communication.

B List out types of listening ,Explain any one with example.

2. **Answer the following: (ANY TWO)** **(11)**

A Explain relative values of words, voice and expression

B Explain types of communication in brief.

C Explain types of sentence with example.

3. **Do as directed.** **(11)**

A He plays football every Tuesday. (change into future tense) (02)

B You should have _____ Trish's face when she got her surprise. (saw, had seen, seen) (01)

C The water balloon _____ when it hit its target. (burst, busted, broken) (02)

D She bought a diamond necklace.. (Change the voice) (02)

E Kamal said, "I have done my homework". (Change speech to indirect) (02)

F Have you packed your luggages?.(Correct the sentence) (02)

Patel Institute of Computer Studies Acharya Motibhai G.V.NAGAR Kherva

SECTION – II

4. **Do as Directed.** **(08)**

A Our team played well yesterday... (Make negative)

B I sent report yesterday. (Change the voice)

C What strikes me is the generosity of the offer. (Change in to Past)

D The brides were much_____than the grooms (Young)

5. **Answer the following. (ANY TWO)** **(11)**

A Write a short note art of presenting.

B Which points you should keep in mind while giving formal presentation

C Write a short note on art of listening.

6 **Answer the following. (ANY TWO)** **(11)**

A Write what you should do and don't while you are giving presentation individual.

B Write a short note on LSRW skills and its relevance in professional life

C Which points you should keep in mind while giving presentation in group.
