M.C.A. SEMESTER.II EXAMINATION (CBCS)

P12A1WD: WEB DESIGNING

Time:3 Hours] [Total Marks: 60

APRIL-JUNE 2022

Instructions:

1. Figures to the right indicate full marks.
2. Each section should be written in a separate answer book.
3. Be precise and to the point in your answer.

## SECTION-I

**Q-1. Answer the following** **(8)**

1 What is HTML? List the Features of HTML5. 2

2 What is CSS? Give the Syntax of CSS syntax. 2

3 DO as directed

1. What are tags? 1
2. The____tag used for line break 1
3. HTML can have_____ and _____ extension 1
4. Write Down Code For $x^2 + 2y - y^2$ 1

**Q-2** Answer the following.(Any TWO) **(11)**

1 What are an Attributes? Explain Any 5 common Attributes of all the tag. With example. 5 ½

2 What is Use form Elements? Explain any five Input type with Examples 5 ½

3 GIVE the full FORM of CSS. Explain the following With Context to CSS 5 ½

1. Backgrounds
2. Borders
3. Margins
4. Padding
5. Height Width

**Q.3 Answer the following.(Any TWO)** **(11)**

1 What s the use of Selector in CSS. Explain different type of Selector available in CSS with Proper Example. 5 ½

2 What is Bootstrap? Explain the following with examples. Jumbotron, Alerts, Buttons, Button Groups, 5 ½

3 List some features of Bootstrap. What are the key components of Bootstrap? 5 ½

## M.C.A. SEMESTER-II EXAMINATION

### P12A2CN, Computer Networks

**Time: 3 Hours]** April - June 2022 **[Total Marks: 60**

**Instructions:**

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

## SECTION-I

**1. Answer the following. (ALL)**

(1) Define Network and discuss Network Topologies. **(8)**

(2) Discuss TCP/IP Reference model

**2. Answer the following. (ANY TWO)**

(1) Write a short note on Gigabit Ethernet. **(11)**

(2) Discuss persistent and Non persistent HTTP.

(3) Discuss IP Address Classes and blocks.

**3. Answer the following. (ANY TWO)**

(1) Discuss SCTP protocol. **(11)**

(2) What are the responsibilities of Transport layer ? Explain TCP Header.

(3) Write a short note on IPv6.

## SECTION-II

**4. Answer the following. (ALL)**

(1) What was the problem in IP that ICMP was developed? Discuss ICMP protocol in brief. **(8)**

(2) Explain Link-State Routing Protocol with a suitable example.

**5. Answer the following. (ANY TWO)**

(1) Discuss Wireshark packet analyser. **(11)**

(2) Explain Linux Directory Structure in brief.

(3) Discuss attack techniques.

**6. Answer the following. (ANY TWO)**

(1) Discuss DNS forward lookup zone and reverse lookup zone. **(11)**

(2) Explain Virtualization Architecture.

(3) Write a short note on Physical Layer X.25.

**END OF PAPER**

## M.C.A. SEMESTER-II EXAMINATION

April - June 2022

**P12A3FMA- Fundamental of Mobile Applications**

**Time: 3 Hours]** **[Total Marks: 60**

**Instructions to the examinee:**

1. Figures to the right indicate full marks.
2. Each section should be written in a separate answer book.
3. Be precise and to the point in your answer.

## SECTION-I

**1.** **Answer the following.** **(08)**

1. Draw and Describe all methods of Activity Life cycle with its skeleton.
2. Write a short note on Android Architecture.

**2.** **Answer the following (ANY Two)** **(11)**

1. Describe: Date and Time Pickers.
2. How to use integer and integer array resources? Explain.
3. What is Layout? Explain its Any four Layouts.

**3.** **Answer the following (ANY Two)** **(11)**

1. What is Dialog? Explain its any two types.
2. What is Log? How does it differ from Toast? Explain.
3. Write a program to change background color of Android Activity.

## SECTION-II

**4.** **Answer the following.** **(08)**

1. What is File? How to write file in Android?
2. Describe Frame by Frame animation with example.

**5.** **Answer the following (ANY Two)** **(11)**

1. Write a short note on Adapters and its types.
2. What is firebase? Explain its features.
3. What is menu? How to use context menu in Android? Explain.

**6.** **Answer the following (ANY Two)** **(11)**

1. How to perform CRUD operations using SQLite? Explain.
2. What is shared preference? How to read and write record from it.
3. Write a short note on Types of storage in Android OS.

**END OF PAPER**

## M.C.A. SEMESTER-II EXAMINATION

April - June 2022

## P12A4JWT: Java Web Technologies

**Time: 3 Hours]** **[Total Marks: 60**

**Instructions:**

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

### SECTION-I

**1. Answer the following.** **(8)**

(1) Explain any four Common matching symbols with example.

(2) List all built-in Java annotations and explain any 2 of them in brief.

**2. Answer the following. (ANY TWO)** **(11)**

(1) What is the significance of JDBC? Explain all the four types of drivers available in JDBC.

(2) What is a Servlet? Explain the lifecycle methods of a servlet.

(3) List all the implicit objects available in JSP and explain any 2 of them in detail.

**3. Answer the following. (ANY TWO)** **(11)**

(1) Explain the various methods of ResultSet of java.sql package

(2) What are the different ways of managing a session? Explain each of them using proper code.

(3) List the various scripting elements of JSP. Explain each of them along with their syntax.

### SECTION-II

**4. Answer the following.** **(8)**

(1) What are Java Beans? Explain the role of beans in MVC.

(2) Explain any four JSF tags with example.

**5. Answer the following. (ANY TWO)** **(11)**

(1) Using appropriate code, explain the implementation of MVC using RequestDispatcher.

(2) Differentiate between Statement and PreparedStatement. Show the syntax of using both the Statement and PreparedStatement.

(3) Explain the different services provided by JSF framework.

## M.C.A Sem-II EXAMINATION (CBCS)

## P12A4WAD1 - Web Applications Development-I

April - June 2022

**Time: 3 Hours]** **[Total Marks: 60**

**Instructions:**

1. Figures to the right indicate full marks
2. Be precise and to the point in your answer

### SECTION-I

**Q-1. Answer the following** **(08)**

I. Explain C# Array in detail.

II. What is inheritance? Explain types of inheritance.

**Q-2. Answer the following.** **(11)**

**A. Attempt any two.** **(10)**

I. Explain MVC architecture in detail.

II. What are strong types of helper method? Explain in detail.

III. How you can send a data from controller to view? Explain in detail.

B. Which is base class of every user defined controller class? **(01)**

**Q3. Attempt following.** **(11)**

**A. Answer the following (Any two)** **(10)**

I. Explain types of Action Results & Return Type in detail.

II. Explain anyone conditional statement of Razor engine with example.

III. What is Routing? Explain URL routing in detail.

B. Can we bind a multiple model to strong type of view? (True/False) **(01)**

### SECTION-II

**Q-4. Attempt following.** **(08)**

I Create a model for employee with at least five properties.

II Explain Array List with example.

**Q5. Attempt following.** **(11)**

**A. Answer the following (Any two)** **(10)**

I Explain Model validation in detail.

II Explain Code first and database first approach of entity framework in detail.

III List down any five LINQ Query Operator and explain any two in detail.

B. Explain implicit Razor expression in one or two lines. **(01)**

## M.C.A. SEMESTER-II EXAMINATION

## ELECTIVE-II P12A5IBA BIG DATA ANALYTICS-I

April - June 2022

**Time: 3 Hours]** **[Total Marks: 60**

**Instructions:**

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

### SECTION-I

**1. Answer the following.** **(8)**

(1) Define Key Performance Indicators (KPI).

(2) Differentiate between descriptive analysis and predictive analysis.

(3) Differentiate between structured and unstructured data.

(4) Define terms: Data Mining, Machine Learning

**2. Answer the following (ANY TWO )** **(11)**

(1) Explain the different types of digital data.

(2) Define Big Data. Explain the characteristics of Big Data.

(3) Explain about the architecture of Big Data.

**3. Answer the following (ANY TWO )** **(11)**

(1) Explain about Hadoop system and core components of Hadoop ecosystem.

(2) Write down the Unix commands related to file creation & permissions.

(3) Write down the steps to install Hadoop system on Ubuntu OS.

### SECTION-II

**4. Answer the following.** **(8)**

(1) Explain terms: NameNode and DataNode

(2) What is Data Replication?

(3) What is Hadoop Yarn resource manager?

(4) What is Data Serialization?

**5. Answer the following (ANY TWO )** **(11)**

(1) Write a short note on HDFS Architecture.

(2) Explain about specific file types in Hadoop.

(3) Explain about Apache Hadoop and its advantages.

**6. Answer the following (ANY TWO )** **(11)**

(1) What is Map-reduce? Explain the characteristics of MapReduce.

(2) Discuss various configuration files used in Hadoop installation.

(3) Explain about the Hadoop Yarn Architecture.

**END OF PAPER**

## M.C.A. SEMESTER-II EXAMINATION

## Elective-II P12A5ICS: Cyber Security and Forensic-I

April - June 2022

Time: 3 Hours] [Total Marks: 60

**Instructions:**

1. Figures to the right indicate full marks
2. Each section should be written in a separate answer book
3. Be precise and to the point in your answer

## SECTION-I

**1. Answer the following** **(8)**

(A) Explain the difference between Vulnerability assessment and Penetration testing in detail with Examples

(B) Explain Information Security, Cyber Security and CIA triad in detail.

**2. Answer the following (Any Two )** **(11)**

(A) Explain Web Authentication threats with suitable example.

(B) Explain LDAP injection with Suitable example.

(C) What is Cross-site scripting attack (XSS) and what are the reasons for the XSS attacks? Explain the in brief the types of Cross-site Scripting (XSS).

**3. Answer the following (Any Two )** **(11)**

(A) What is SQL injection? How SQL injection can be performed?

(B) Explain the ways of Footprinting and Reconnaissance.

(C) Explain the menus of Burpsuite with example.

## SECTION-II

**4. Answer the following** **(8)**

(A) Explain Phishing technique and impact of phishing attack on an organization. Also explain the implementation of Phishing technique in Metasploit.

(B) Explain in detail Penetration testing phases.

**5. Answer the following (Any Two)** **(11)**

(A) What is Vulnerability and Vulnerability Scanner? Explain in detail the tools used for Vulnerability Assessment.

(B) What is Metasploit? Explain Metasploit framework structure.

(C) Explain the factors that make the organization vulnerable to Social Engineering attack.

**6. Answer the following (Any Two)** **(11)**

(A) Explain Social Engineering. Explain the types of Social Engineering attacks in detail.

(B) Explain how users can be attacked by different ways of capturing user inputs.

(C) Explain different types of Cyber Attacks in detail.

**END OF PAPER**
